AREAS OF INTEREST

- Conveyancing and Notarial Work
- Property Law litigation
- Corporate Law
- Intellectual Property Law

Having joined the firm in 2007, as an Associate Trainee, Sonford's field of interest diverted to the field of Property law. This gave him a wealth of law to practice within the large branches of Intellectual Property, Conveyancing and property management. He has in these years dealt with over 1 000 properties in and around the region and has registered and defended intellectual property with the region. Several commercial endeavours taken on by the firm through Infrastructural Development have also assumed their successes through Sonford's expert knowledge. Sonford has also dealt with preparation and registration of Mortgage Bond on both movable and immovable properties, on behalf of financial institutions and individuals. He has also attended to offering opinions and drafting deeds on Estate Planning and structuring.

He has further taken part in environmental concerns entailing the preservation of wetlands from urban infrastructural development.
